IPU Annual Conference on AI and many other events in the third and fourth quarters

Artificial Intelligence affects therapeutic research and practice, just as it does in many other areas of life. It challenges our understanding of what it means to be human. This year's IPU Annual Conference focuses on the critical reflection of the potential and risks of Large Language Models. Mark your calendar now for 12/13 November. We also recommend saving the date for this year's Erich Fromm Lecture on 10 December. In addition, the innovative event MUTTIER enters its fourth round on 25 September. All relevant information will soon be available [on our website](#).

Deutschlandstipendium at the IPU and Bridging Courses

IPU Students can now apply for a Deutschlandstipendium. The application period is open until 10 August 2026. Further information is available [on our website](#).

As part of the DAAD-funded FIT-Project, IPU is once again offering Bridging Courses this year. These courses provide introductions to psychoanalysis, social psychology, and research methods. Details regarding dates and registration are available [on our website](#).

IPU Spotlight

At the beginning of this month, IPU had the honor of welcoming a group of psychotherapists from China to campus at Stromstraße in Moabit. Besides the personal exchanges and campus tours, the visit centered on a lecture from Dr. Jianyin Qiu, Chair of the Chinese IPA chapter.
