I. I, hereby declare on my honour that I will use low-emission means of transportation marked above to travel sustainably to and from my host institution as part of my planned Erasmus+ stay abroad in the period detailed above. I will keep the relevant documentation (e.g. travel tickets, certificates, etc) for up to 5 years. I understand the IPU International Office can ask for these at any time. Failure to provide the required documentation may lead to paying back the top up.

II. I, hereby apply for funding for (max. 4) additional travel days because my travel time has increased due to the use of low-emission transport.
